# WHY QUICK•STEP®?

WHY QUICK•STEP® IS HAPPY TO GIVE YOU UP TO 25 YEARS WARRANTY ON YOUR FLOOR

“ OUR ULTIMATE GOAL IS TO ALWAYS CREATE A FLOOR THAT IS A TREND TODAY AND A CLASSIC TOMORROW ”

UP TO **10x** MORE SCRATCH RESISTANT

**SCRATCH GUARD**  
UP TO 10x MORE SCRATCH RESISTANT

The top layer of a Quick•Step® laminate floor has an **extra protective layer**, so you can enjoy your beautiful, natural looking floor for even longer. Thanks to this Scratch Guard Technology, **which is the result of years of research and investment in the field of durability**, Quick•Step® floors are up to ten times more scratch resistant than floors without Scratch Guard.

## EASE OF INSTALLATION

Use the revolutionary and patented Uniclic® or Uniclic® Multifit system to effortlessly click the planks together. Both systems are **very easy to use**, a lot **faster** and a lot **more solid** than other systems. Installation becomes a breeze, even in the smallest corners of the room. More information on page 41.

Check out our installation video on [www.quick-step.com](http://www.quick-step.com)

## TOTAL FLOOR SOLUTIONS

Quick•Step® offers you much more than floors alone. With our range of **matching accessories** you can finish your floor to perfection.

From stair finish accessories to scotias, profiles and maintenance products, we have everything it takes to install, maintain and finish your floor to perfection. In addition, you can always rely on our skilled personnel and dealers to share their expert tips and tricks. See more on page 42.

## QUALITY DOWN TO THE SMALLEST FIBRE

To make sure you can enjoy your Quick•Step® floor for many years, we commit ourselves to deliver uncompromised quality, from the raw material to the finished product. We combine our expertise and commitment to obtain perfect quality which will give you a lifetime of pleasure.

## ANTISTATIC SURFACE

An end to annoying electrostatic discharges. Every Quick•Step® floor has been given a unique, permanent anti-static treatment. As a result, your floor will attract significantly less dust. This technology has been patented by Quick•Step®.

# ADVANTAGES OF LAMINATE

WHY YOU'LL LOVE YOUR QUICK•STEP® FLOOR

## HYGIENIC SURFACE EASY TO MAINTAIN

You won't have many concerns about the maintenance of your Quick • Step® floor, as the sealed surface prevents bacteria accumulating on the floor. This is a great way to prevent allergies. Discover our cleaning products on page 45.

## SUITABLE FOR FLOOR HEATING AND COOLING

Select the right underlay and install your floating Quick • Step® floor. This way, you can enjoy floor heating and cooling without any worries. Check our new underlays on page 40.

## LIGHT AND SUN-RESISTANT

You can easily change the organisation of the room. Light and sun will not affect the colour of your floor, even after a long time.

## ASSORTMENT A WEALTH OF OPTIONS

If you want to improve the value, comfort and atmosphere of your home, laminate flooring is an excellent choice. Due to our wealth of colours and styles, you will always find the perfect companion for your interior. Discover more on page 32.

## A HEART FOR NATURE

With Quick • Step® you are bringing an environmentally friendly floor into your home. The PEFC certification guarantees that all the wood used to manufacture our HDF core boards is sourced from sustainably managed forests. In addition, Quick • Step® also obtained the Environmental Product Declaration (EPD). This internationally recognised certificate indicates the environmental performance of Quick • Step® laminate floors throughout their entire life cycle.

Ongoing monitoring and improvements brought to its environmental impact see Quick • Step® actively and tirelessly contributing to a better living environment.

## REMEMBER

Laminate also has a warm feel and is perfectly suited for underfloor heating and/or cooling, when combined with the right underlay (see page 40).

DOMINICANO OAK GREY PLANKS | LARGO LPU 1663

The weathered character of this Dominicano Oak is reinforced by its beautiful structure and a small V-groove which gives the impression of being a small crack between the planks.

CERAMIC DARK | EXQUISA EXQ 1555

Quick-Step Exquisa features innovative ceramic-look floors that exude warmth and conviviality but need very little maintenance.

WHITE VINTAGE OAK PLANKS | LARGO LPU 1285

It is widely known that using light colours, wide planks and long lengths will make a room look bigger. This floor is the perfect example.

#### DON'T FORGET

For a seamless transition between your floor and the walls, Quick-Step® has matching scotia boards in the same colour as your floor and with a matching structure (see page 44).

OLD OAK MATT OILED PLANKS | ELIGNA U 312

The combination of warm colour tints of the furniture and the matt oak floor gives a warm and inviting feel.

RECLAIMED CHESTNUT NATURAL | ELIGNA WIDE UW 1541

The extra wide planks in the Eligna Wide range show off their rustic pattern to the maximum.

*Chic*

MIDNIGHT OAK BROWN | CLASSIC QSM 058

Dark, mysterious and perfect to bring warmth to your interior.

CAMBRIDGE OAK DARK PLANKS | LARGO LPU 1664

MIDNIGHT OAK NATURAL | CLASSIC QSM 057

DARK VINTAGE OAK PLANKS | LARGO LPU 1287

The unique, deep surface texture perfectly imitates the worn ageing effect of a solid floor.

# CHARMING

LIGHT GREY OILED OAK PLANKS | CLASSIC QSM 034

LIGHT GREY OILED OAK PLANKS | CLASSIC QSM 034

The oak floor appears very natural because of its soft shine and the many light and dark colour nuances. This impressive floor emphasises the planks' contours by means of a fine seam around them. The whole room radiates cosiness.

CERAMIC LIGHT | EXQUISA EXQ 1554

The Exquisa collection of tile designs offers a perfect balance of old time glamour and modern sleekness - creating an enviable touch of class.

TIVOLI TRAVERTINE | EXQUISA EXQ 1556

# PURE

MOONLIGHT OAK LIGHT | CLASSIC QSM 076

This timeless floor fits in perfectly with both traditional and modern interiors. It gives the room a soft look with an air of elegance.

VINTAGE OAK NATURAL VARNISHED. PLANKS | ELIGNA U 995

The result of combining a modern kitchen with the Vintage Oak Natural Varnished Planks gives it a delightfully clean result, while the floor nevertheless adds a warm touch.

#### DON'T FORGET

For a seamless transition between your floor and the walls, Quick • Step® has matching Scotia boards in the same colour as your floor and with a matching structure (see page 44).

BLEACHED WHITE TEAK | CLASSIC QSM 031

The cosy, white-painted teak floor creates the mood and is the perfect basis for lots of colour and enthusiastic action.

GREY VINTAGE OAK PLANKS | LARGO LPU 1286

The typical play of light and dark colours in this variety of wood is emphasised by the natural degree of shine, the amazingly wide selection of hues and the beautiful plank variations.

AUTHENTIC OAK | LARGO LPU 1505

The Authentic Oak of the Largo collection oozes style with substance, thanks to the extra long and wide plank format.

# DISCOVER OUR LAMINATE FLOOR COLLECTION

## TYPES OF FINISHING

### Original wood/stone structure

Surface finish which matches the natural variety and original appearance perfectly.

### Matt finish

A soft finish resulting in a contemporary look.

### Lacquered finish

Smooth finish with a high-gloss polish.

### Authentic finish

Unique aged finish on rustic floors. It mirrors the woodgrain pattern of natural wood making the surface look and feel like genuine hardwood.

### Saw cut finish

The saw cuts underscore the worn appearance of the planks, whilst highlighting the grain of the wood variety to an even more gorgeous effect.

## TYPES OF BEVELS

### Large bevel

Distinctive grooved edges offer the look of an expansive solid plank floor.

### Micro bevel

Fine micro-beveled edges clearly delineate the planks.

### Genuine bevel

Grooves that match the character of the wood design. The grooves also contain wood grains and colour variations.

### Impression bevel

Effect that emphasises planks in a subtle way.

### WHAT IS LARGO?

The Quick-Step Largo planks are special – in fact they are the longest and widest planks in our range – and they'll make your room special too. At more than 2 metres long, they exude class and quality.

- The longest and widest selection of Quick-Step laminate planks
- Long planks give depth and create an extra sense of space
- No design repeats on the planks
- Colour variation between the various planks for that natural effect

### WHAT IS EXQUISA?

Quick-Step Exquisa features innovative ceramic-look floors. Tivoli Travertine (EXQ1556) is a 3 in 1 design. It offers 3 tiles per panel with subtle cross joints. Exquisa is fast and easy to lay thanks to the large laying format and Uniclic Multifit technology.

- Subtle joints accentuate every tile of your floor
- Playful and exciting: 1 plank subdivided into one or more tiles
- Easy to lay in bond thanks to provided marking
- The large laying format and Uniclic Multifit technology allow for fast and easy installation

Please note: Moisture-resistant is not the same as moisture-proof. All spillages must be mopped up immediately and water should never be left on the floor. The printed designs give an idea of the actual colour and nuances of the pattern but are not true to nature. The patterns shown are only a sample and are not fully representative of all the different nuances within the design. # AN UNDERLAY IS NOT AN IDLE LUXURY

## WHY GO FOR A QUICK-STEP® UNDERLAY?

### PERMANENTLY SOUND-ABSORBING

Quick • Step® underlays are top quality and maintain their initial thickness over the years. Which means they will continue to dampen sounds such as the tapping of high heels.

### IDEAL FOR UNICLIC® AND UNICLIC® MULTIFIT

The smooth surface of the underlays prevents parts of the underlay from getting stuck in between the Uniclic® tongue and groove during installation.

Moreover all Quick • Step® underlays offer a stable base protecting the Uniclic® click system.

### 2 IN 1: PROTECTS AGAINST DAMP TOO

A Quick • Step® 2-in-1 underlay will reduce preparation time for the installation of your floor by half. The damp-proof and moisture-resistant membrane (DPM) with an adhesive strip has already been integrated into the levelling underlay.

This will save you a lot of time and effort.

### SUITABLE FOR FLOOR HEATING

All Quick • Step® underlays are suitable atop floor heating systems. Check the website for more information or ask your retailer for advice.

### QUICK • STEP® COMBI-LAY STANDARD

The benchmark underlay for all applications  
1 roll: 20 m<sup>2</sup> or 50 m<sup>2</sup>  
Thickness: 2 mm

### QUIET • STEP® COMBI-LAY

The underlay by which all other underlays are measured when looking to reduce walk sound and minimize multi-storey noise.  
1 roll: 20 m<sup>2</sup> or 50 m<sup>2</sup>  
Thickness: 2 mm

# LAYING YOUR FLOOR WITHOUT HASSLE

Laying a Quick • Step® floor is easy thanks to the patented and world-famous Uniclic® and Uniclic® Multifit click systems.

Both systems are very user-friendly, a lot faster and a lot more solid than other systems. It makes laying easier, even in the smallest corners of the room.

## HOW DOES IT WORK?

You will find yourself fitting your floor in a 'click', very swiftly and with the greatest ease.

WWW

Check out our installation video on [www.quick-step.com](http://www.quick-step.com)

### METHOD 1: ROTATE AND CLICK

UNICLIC®  
PATENTED TECHNOLOGY

Click the panels into each other along the long side and the short side.

### METHOD 2: HORIZONTAL INSERTION

Ideal for awkward corners. Unlike most other systems, Uniclic® panels can also be joined together horizontally. This is essential when you install the last row of panels or in places where it is difficult or even impossible to rotate the panels (underneath door frames or heating units, for example).

### METHOD 3: SLIDE AND CLICK

UNICLIC®  
MULTIFIT  
PATENTED TECHNOLOGY

PURPOSE-DEVELOPED FOR THE EXQUISA RANGE

Click the panel into place along the long side, slide the short side of the plank against the previous panel and press down.

The Exquisa range, with long (± 120 cm) and extra wide (± 40 cm) planks are installed just as easily and swiftly. Thanks to the Uniclic® Multifit system on the short side of the plank, the wide Exquisa planks are easily clicked together using this third method (in addition to method 1 and 2).

# YOUR QUICK • STEP® FLOOR DESERVES A PERFECT FINISH

## QUICK • STEP® INCIZO® 5 QUESTIONS, 1 ANSWER

Quick • Step®'s patented Incizo® profile is a multifunctional finishing tool. One and the same profile can be used for all the finishes of your floor and stair, in the matching colour.

### 1. How can I join two floors of the same height?

With the Incizo® profile, cut as an expansion profile.

### 2. How do I finish my Quick • Step® laminate floor along a wall or a window?

You can cut the Incizo® profile into a clean end profile.

### 3. How can I solve variations in height - from one floor to another?

Use the Incizo® profile, cut as an adaptor profile.

### 4. How can I connect my laminate floor to a carpet, and have a beautiful finish?

Use the Incizo® profile, cut as a transition profile.

## 5. WHAT ABOUT MY STAIR?

The Quick • Step® Incizo® profile gives you a whole string of solutions for your stairs.

Classic finish.

Sleek and modern finish.

Solutions to finish a stair nose.

WWW

Check out our installation video on [www.quick-step.com](http://www.quick-step.com)

## HOW TO USE INCIZO® ON YOUR STAIRS

If you're a bit of a dab hand at DIY, you can easily finish or renovate your stairs yourself.

1. Glue the plank to the riser. The spacers ensure that sufficient space is left underneath to fit in the step.

2. Glue and screw the aluminium sub-profile on the step.

3. Apply glue to the sub-profile and the step. Spread the glue out across the sub-profile.

4. Place a plank on the step against the rising edge of the sub-profile.

5. Apply glue to both sides of the Incizo® base.

6. Press the Incizo® profile onto the sub-profile.

### Incizo® laminate profile QSI(-)
